WHO
WE ARE

Our Mission & Community Impact

Founded in 2003, Rouha Welfare Trust is a non-profit organization committed to empowering the community of Burewala and its surrounding regions to achieve sustainable development. The Trust works to enhance healthcare services, provide access to food and education, and support community upliftment in line with its various programs.

Our central operational base is situated at Bashir Begum Hospital, Main Lahore Road, Burewala.

OUR VISION

Our vision is to interact with society through empathy and benevolence, fostering a more promising tomorrow

OUR MISSION

Our mission is to uplift the community by enhancing their quality of life through the provision of essential necessities, including food, education, and healthcare

OUR VALUES

- Compassion is at the heart of everything we do.
- Integrity is the foundation of our trust with the community and our supporters.
- We are dedicated to making a lasting and positive impact on the lives of those we serve.
- Collaboration with the community, partners, and supporters is key to achieving our goals effectively.

ABOUT
ROUHA

Rouha Welfare Trust, born from the boundless compassion of the late Prof. Rana Asghar Ali Khan, in honor of his granddaughter, Rouha Khan, who is significantly physically challenged, is a beacon of hope for the less fortunate in Burewala. Rooted in the unwavering belief that education, healthcare, and social well-being are the cornerstone of human rights, this trust has relentlessly pursued its mission since 2003.

Guided by a team of dedicated custodians, it provides high-quality education and healthcare that rivals larger cities while relieving the burden on urban institutions. With a deep commitment to the community and an unwavering sense of corporate social responsibility, Rouha Welfare Trust continues to shape a brighter, more inclusive future for Burewala.

FOUNDER'S LEGACY

PROF. RANA ASGHAR ALI KHAN

Professor Rana Asghar Ali Khan hailed from the modest town of Burewala in Pakistan, where he embarked on his professional journey as a clerk at Govt. College, Burewala. Over the years, his unwavering commitment to education and his passion for serving the less fortunate led him to rise through the ranks, ultimately retiring as a professor at the very institution where his career began.

Driven by an immense desire to make a difference in the lives of those less privileged, Professor Khan tirelessly worked towards improving education and healthcare access for disadvantaged individuals, even during times when he faced hardships. He firmly believed that the willingness to help others was the most precious asset one could possess, transcending social and economic boundaries.

One poignant anecdote underscores his selflessness: encountering a distraught sweeper unable to afford tea for guests at his daughter's wedding, Professor Khan empathetically offered his prized possession, a bicycle, for sale to provide financial relief. During that period, he resided in a modest rented house, supporting his own family of five on a meager income.

Despite his own financial limitations, Professor Khan made a significant impact on the lives of others, notably by collecting used books for underprivileged college students. While he aspired to construct a state-of-the-art educational facility, life never granted him that opportunity.

He firmly believed that quality education was the key to breaking the cycle of poverty for the underprivileged in society. We pledge to honor his legacy and fulfill his dream by constructing

"PROF. RANA ASGHAR ALI KHAN ACADEMIC BLOCK"
in Govt. Graduate College, Burewala

Professor Khan, a remarkable human being, sadly passed away in 2005 at the age of 74 due to illness. Nevertheless, his mission to enhance the lives of Burewala's residents through improved education, nourishment, and healthcare continues to thrive, serving as a testament to his enduring legacy.

CHAIRMAN'S **WORDS**

Our founder, the late Prof. Rana Asghar Ali Khan, believed that food, education and healthcare are rights, not favours. This year, we worked to carry that belief forward at a greater scale.

Bashir Begum Hospital served 74,207 outpatients and performed 2,381 procedures. We introduced phaco and laparoscopic surgery and opened a Dental Department. Beyond the hospital, 105 families received monthly food support, 31 orphaned children continued their education with mentors, 22 students received interest free study loans, and our Green Movement grew to 29 Miyawaki forests. At the THF Zainab Technical Institute, run by The Hunar Foundation on land we provided, Zubaida Khanum became the first Skill Ambassador Youth from our region. When the Sutlej overflowed, our team reached Basti Raheem Shah and Kachi Pakki with food, fodder and a medical camp.

There is still much to do. With the hospital at full capacity and services such as dialysis still needed, we have revised our expansion plan from 100 to 200 beds and are planning a Nursing College to help build the healthcare workforce of tomorrow.

Our recertification by the Pakistan Centre for Philanthropy and the Punjab Charity Commission reminds us that trust must be earned every year.

None of this happens alone. I thank Dr. Fawad Zafar and the Zafar Mir Foundation, Dr. Muhammad Yasin, Dr. Arshad Pervaiz, Dr. Ali Akbar Ghumman, The i-Care Fund America and The Hunar Foundation. I thank Dr. Ahmad Saeed Khan for his service as Vice Chairman, and welcome Dr. Waseem Athar to the role. Most of all, I thank our 83 staff members who carry this work forward every day.

Prof. Rana Asghar Ali Khan once offered to sell his bicycle, his most prized possession, so that a sweeper could serve tea at his daughter's wedding. The scale of our work has changed since then. The instinct behind it has not.

HARIS NASEEM

M.S. in Economics and International Finance, University of Illinois Urbana, Champaign

Undergraduate in Management Sciences, University of the Punjab. Lahore

VICE CHAIRMAN'S **WORDS**

My grandfather, Prof. Rana Asghar Ali Khan, began his working life as a clerk at Government College, Burewala, and retired as a professor at the same institution. While supporting his family on a modest income, he earned both his bachelor's and master's degrees and made sure that all of his children received a higher education. From him, I learned that growth has no age limit and that a life is measured not by what we accumulate, but by what we give.

I carry that lesson with me in my work with Rouha Welfare Trust. In 2010, I had the privilege of leading our medical team to provide care to flood-affected families in Kot Addu. Today, as I take on the responsibility of Vice Chairman, I see my grandfather's belief in education and service reflected throughout the trust from the interns trained at Bashir Begum Hospital to the students supported through qarz-e-hasna scheme.

One of my particular hopes is to strengthen the bridge between Burewala and the many Pakistani doctors and professionals working abroad. This year, physicians from the United States and the Gulf visited the Trust, and Dr. Mansur Choudry of the University of Central Oklahoma led a 40-hour behavioral therapy training program that brought professionals together from across Pakistan. Each of these visits leaves behind something lasting: knowledge, skills, and the capacity to help others. I invite colleagues overseas to give what my grandfather valued most, their time, their expertise, and their willingness to teach.

This year, one of our goals is to bring dialysis services to our hospital as part of our ongoing efforts to strengthen the hospital and expand the care we can provide to our community.

I am proud to carry a part of my grandfather's legacy and grateful to serve alongside our Chairman, trustees, and dedicated staff as we continue that legacy of education, service, and giving.

CERTIFICATION & COMPLIANCE

PCP Assessment & Certification

During the year, Rouha Welfare Trust welcomed the Pakistan Centre for Philanthropy (PCP) for an independent assessment of its governance, management practices, programs, documentation, and operational systems. The PCP team reviewed the Trust's welfare initiatives and engaged with management to understand its approach to program implementation, documentation, and responsible resource management.

The assessment provided a valuable opportunity for reflection and improvement, reinforcing Rouha Welfare Trust's commitment to transparency, accountability, good governance, and continuous improvement. It also marked an important milestone in the Trust's ongoing efforts to maintain high standards in the management and delivery of its welfare initiatives.

OUR PARTNERS

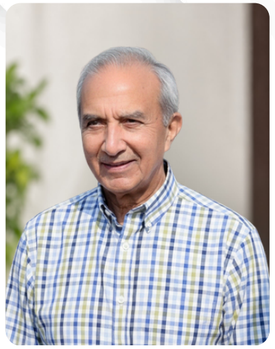

DR. MUHAMMAD YASIN

Rouha Welfare Trust gratefully acknowledges Dr. Muhammad Yasin, Cardiologist, USA, originally from Burewala, whose vision and generous support are creating meaningful skills-development opportunities for the youth of his hometown.

Through a partnership between Rouha Welfare Trust, Dr. Muhammad Yasin, and The Hunar Foundation, the THF Zainab Technical Institute is providing practical, technical, vocational, and digital skills, while the THF Ata Muhammad Technical Institute is currently under construction and will further expand these opportunities.

Rouha Welfare Trust has provided the land, Dr. Muhammad Yasin has supported the capital and operational costs, and The Hunar Foundation manages the institute and technical training.

Dr. Yasin's vision also includes establishing an Autism Centre in Burewala, which is planned to be launched soon to provide specialized support for children with autism and their families.

Dr. Muhammad Yasin
Cardiologist, USA

ZAFAR MIR FOUNDATION

Zafar Mir Foundation is committed to supporting people and families facing difficult circumstances and helping create better opportunities for those in need.

Under the leadership of Dr. Fawad Zafar, President of Zafar Mir Foundation, the Foundation has been a valued partner of Rouha Welfare Trust, supporting our Food Pantry, Orphan Support, and Qarz-e-Hasna Programs. This support has helped provide essential food assistance to families, care and support to orphan children, and financial assistance to students pursuing their education.

Rouha Welfare Trust deeply appreciates Dr. Fawad Zafar and the Zafar Mir Foundation for their continued support and partnership. Together, we are helping bring practical support, hope, and opportunity to people in our community.

FOOD
PANTRY PROGRAM

The Food Pantry Program, a collaborative initiative of Rouha Welfare Trust and Zafar Mir Foundation, was launched in September 2021 in response to growing food insecurity in Burewala and surrounding areas. The program aims to provide consistent monthly food assistance to vulnerable and deserving families, helping them meet their basic nutritional needs with dignity.Since its inception, the program has steadily expanded its outreach and impact. Beginning with 45 families in September 2021, it has grown to support 105 deserving families, comprising 401 beneficiaries, on a monthly basis as of June 2026.

The program has contributed to improved access to nutritious and balanced meals, helping reduce the risk of food insecurity and malnutrition among beneficiary families. Beyond food assistance, the initiative has also strengthened a sense of community, compassion, and mutual support among beneficiaries and community members.

Looking ahead, Rouha Welfare Trust aims to expand the program's geographical coverage and reach more deserving families in need.

Each monthly food package is thoughtfully prepared to support the dietary requirements of a family and includes essential household food items such as rice, lentils, pulses, flour, cooking oil, sugar, spices, and other staple provisions.

We extend our sincere appreciation to Zafar Mir Foundation and all community members and supporters whose continued commitment and contributions have played an integral role in the success and sustainability of the Food Pantry Program.

FOOD
PANTRY PROGRAM

A Story of Resilience, Dignity & Hope

For many years, Shama Bibi has worked tirelessly as an agricultural laborer and housemaid, carrying the responsibility of keeping her household going.

Approximately ten years ago, her husband, Jalal Urf Jallo, became disabled, leaving him with permanent visual and intellectual disabilities. She took him to several doctors in the hope of finding treatment, but despite her efforts, his condition did not improve. With his disabilities and advancing age, Jalal is no longer able to work or earn an income.

Today, the couple lives alone in a house owned by another person in Basti Zamankot. With no stable source of income and limited earning capacity, they rely on relatives and the local community for support.

Their estimated monthly income is only PKR 4,000, an amount that falls far short of what is needed to meet even their most basic food and household needs.

Yet, through all these years of hardship, Shama Bibi has continued to work and carry forward. Her story is one of quiet resilience of a woman who has shouldered immense responsibility while striving to ensure that her household can simply get through each day.

For this family, access to basic food is not a certainty; it is a daily concern.

Support Through the Food Pantry Program

Rouha Welfare Trust identified the family's needs and began supporting them through its Food Pantry Program, providing essential food assistance to help meet their ongoing household needs.

The family now receives food assistance, helping ease their financial burden and improve access to basic nutrition.

For Shama Bibi, this support means more than food; it brings relief, dignity, and the reassurance that she and her husband are not alone.

Through the Food Pantry Program, RWT continues to support vulnerable families with essential needs and a renewed sense of security and hope.

The Impact of Compassion

Stories like Shama Bibi's remind us that meaningful change does not always begin with something large. Sometimes, it begins with ensuring that an elderly couple has enough food for the month.

Through this Program, Rouha Welfare Trust and its partners are working to reach vulnerable families with essential nutritional support, helping them navigate difficult circumstances with greater security and dignity.

For Shama Bibi, a monthly ration may seem like a simple act of support.
But when life has been a constant struggle to make ends meet, a helping hand can become a source of hope.

**Sometimes, giving someone food is not just feeding them for a day;
it is giving them the strength to face another day.**

From Relief to Hope

The story of Shama Bibi is a story of countless individuals and families who quietly endure hardship every day. Their struggles may remain unseen, but their needs are real.

This Program is a commitment to ensuring that those who are most vulnerable do not have to face those struggles alone.

BECAUSE EVERY FAMILY DESERVES FOOD ON THE TABLE, DIGNITY IN THEIR HOME, AND HOPE FOR TOMORROW

ORPHAN
SUPPORT PROGRAM

Orphaned children often face significant challenges due to the absence of parental guidance, emotional support, and access to educational opportunities. The Orphan Support Program, initiated with the support of Zafar Mir Foundation, aims to address these needs by providing free education, mentorship, and holistic care in a supportive and homely environment.

Each child is assigned a dedicated mentor who serves as a guardian, friend, and role model, providing continuous emotional support, guidance, and encouragement throughout their academic journey. Recognizing that every child has unique needs and aspirations, the program provides individualized care and support tailored to their circumstances.

In addition to education and mentorship, the program focuses on the overall well-being of the children by providing essential nutritional support and healthcare facilities. Through these efforts, the program strives to create a safe and nurturing environment where orphaned children can grow, learn, and build a more secure and fulfilling future.

ORPHAN SUPPORT PROGRAM

Health Screenings

Rouha Welfare Trust organizes health screenings for children, including eye examinations, dental check-ups, pediatric assessments, and general medical consultations. The initiative focuses on early detection of health concerns and ensuring timely medical support, promoting healthy growth and overall well-being among children under the Trust's care.

Sports & Educational Day

Rouha Welfare Trust organized a range of sports activities to encourage teamwork, confidence, physical activity, and healthy recreation among children. These activities provided an opportunity for children to interact, participate actively, and develop a positive spirit of teamwork and sportsmanship. The event also created a joyful and supportive environment, followed by refreshments and meals for all participants.

ORPHAN SUPPORT PROGRAM

Celebrating Eid Together

Eid greetings and thoughtful gifts were shared with students and their families, spreading joy and fostering a spirit of togetherness. The initiative strengthened community bonds and reflected the Trust's commitment to celebrating meaningful moments with the communities it serves.

Eid Milan Party

An Eid Milan gathering was organized to celebrate the spirit of Eid and bring staff members together in a warm and joyful setting. The occasion strengthened team bonds, encouraged a sense of unity, and provided an opportunity for colleagues to share moments of happiness beyond their routine work.

ORPHAN
SUPPORT PROGRAM

Essential Support, Brighter Futures

Each student receives uniforms, books, stationery, hygiene kits, pocket money, and winter clothing, ensuring access to essential resources for education and daily well-being while promoting confidence, dignity, and hope for a brighter future.

Mentorship & Progress Monitoring

Regular meetings with mentors are held to review children's educational progress, emotional well-being, and individual needs. Through shared feedback and collaborative support, the Trust works to address challenges and ensure every child receives the guidance and opportunities needed for a stable and promising future

Guardian's Counseling Sessions

Counseling and educational sessions were conducted to empower mothers and guardians of these children. These sessions focused on enhancing their ability to support their children's education, emotional well-being, and personal growth. Through mentorship and guidance, the initiative helped strengthen confidence, awareness, and active family involvement in the children's overall development

Empowering Teachers, Inspiring Better Learning

Teacher workshops were conducted to enhance teaching skills, student engagement, and effective communication. The sessions equipped educators with practical guidance to create supportive learning environments and contribute to students' academic and personal growth.

GREEN
MOVEMENT

Plantation & Environmental Initiative

Rouha Welfare Trust is committed to promoting environmental sustainability through its plantation initiative. During the spring and fall seasons, the Trust distributes plants to government schools and colleges to encourage tree plantation and environmental awareness.

The initiative aims to inspire students to adopt sustainable practices and contribute to a greener, healthier future.

Over the years, the plantation initiative has made a meaningful impact by promoting environmental awareness among students across schools and colleges. The creation of green spaces has enhanced educational environments, while many of the plants distributed through the program have grown into mature trees, contributing to cleaner air and healthier local ecosystems.

Beyond plantation, the program encourages environmental responsibility and sustainable practices among future generations. Rouha Welfare Trust remains committed to expanding this initiative and building a greener, more sustainable future.

MIYAWAKI FORESTS:

The adoption of the Miyawaki Forest concept marks an important step in Rouha Welfare Trust's commitment to environmental sustainability. Developed by a Japanese botanist Akira Miyawaki, this method involves densely planting diverse native species to accelerate forest growth, enhance biodiversity, and create resilient ecosystems.

The initiative has demonstrated promising results, achieving a 98.5% plant survival rate within six months. Regular monitoring of plant growth, along with encouraging schools to continue planting and caring for trees, supports the long-term sustainability of these green spaces.

EDUCATIONAL
INSTITUTIONS SUPPORT

Educational Infrastructure Development

Rouha Welfare Trust is committed to strengthening government educational institutions by supporting essential infrastructure development and creating better learning environments for students. Our initiatives focus on addressing key infrastructure needs that directly contribute to the quality and accessibility of education.

The Trust supports the construction of academic blocks and classrooms to accommodate growing student populations and provide safe, functional spaces for learning. We also promote a culture of reading and learning by developing well-equipped libraries that provide students with greater access to educational resources.

Recognizing the importance of sustainable solutions, Rouha Welfare Trust also supports the installation of solar energy systems in educational institutions, helping schools move toward reliable and long-term energy solutions. In addition, water filtration plants are installed to provide students and staff with access to safe and clean drinking water.

Through these initiatives, the Trust aims to create healthier, more resourceful, and conducive learning environments while contributing to the long-term development of the educational sector and empowering future generations through better opportunities.

EMPOWERING EDUCATION THROUGH INFRASTRUCTURE DEVELOPMENT

EDUCATIONAL INSTITUTIONS SUPPORT

THF ZAINAB TECHNICAL INSTITUTE

The Hunar Foundation Zainab Technical Institute, located in Shah Faisal Colony, Burewala, is a collaborative initiative of Rouha Welfare Trust, Dr. Muhammad Yasin, and The Hunar Foundation, established to expand educational and professional opportunities for young people, including girls, young women, and boys.

Rouha Welfare Trust has provided the land and building, Dr. Muhammad Yasin, originally from Burewala, has provided capital and operational support, while The Hunar Foundation brings its expertise in skills training and institute management.

The institute provides practical, technical, and vocational training to equip students with skills for employment, entrepreneurship, financial independence, and sustainable careers. Through this partnership, the organizations are working together to create better opportunities and support the socio-economic development of young people in the community.

FROM SKILLS TRAINING TO SKILL AMBASSADOR

Zubaida Khanum, a student of The Hunar Foundation – Zainab Technical Institute, Burewala, achieved a significant milestone by being selected by the National Vocational and Technical Training Commission (NAVTTC) as a Skill Ambassador Youth (SAY). She was invited to NAVTTC Headquarters, Islamabad, where she received recognition for her achievement from Prime Minister Mian Muhammad Shehbaz Sharif.

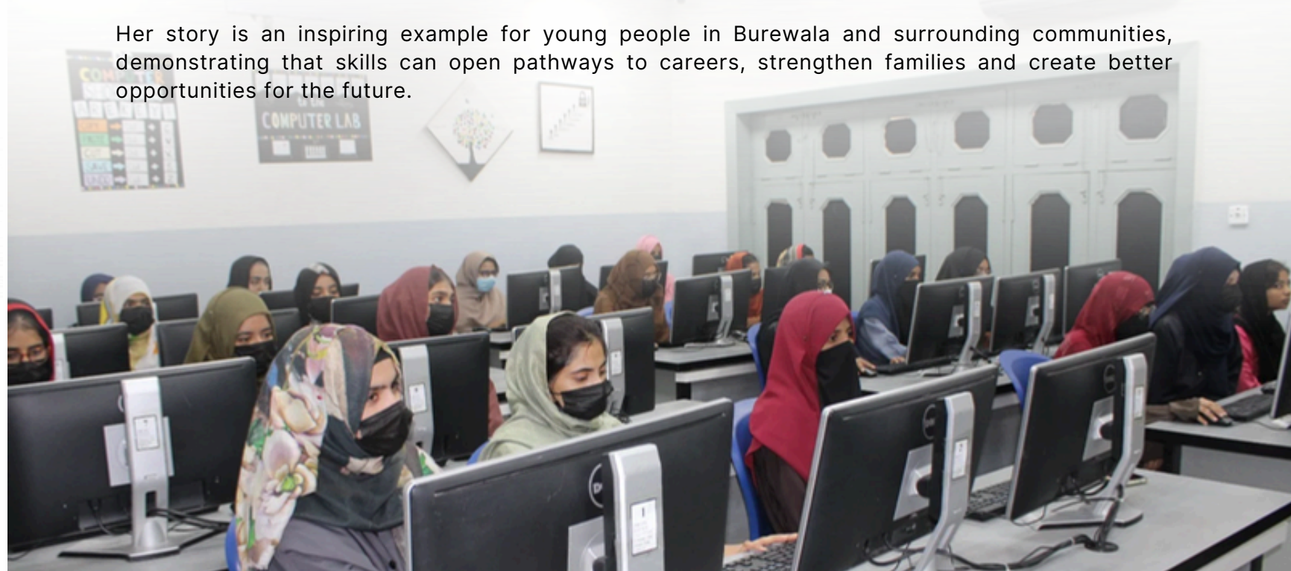

Zubaida began her journey by completing the Basic Beautician course at Zainab Technical Institute and subsequently enrolled in NAVTTC PMYSDP Batch III. Through her dedication, hard work and commitment to developing her skills, she secured employment at Alif Aesthetics, transforming her vocational training into a career while contributing to her family's livelihood and supporting her single mother.

Her selection as the first Skill Ambassador Youth from Burewala and the surrounding region represents a notable achievement for Zubaida and a significant milestone for Zainab Technical Institute.

As a Skill Ambassador Youth, she has the opportunity to represent the value of skills development and highlight the role of technical and vocational education in creating employment opportunities for young people.

Zubaida's journey from learning a skill, to securing employment, supporting her family and becoming a Skill Ambassador—demonstrates the transformative impact of skills-based education. Her achievement reflects how access to quality vocational training, combined with determination and opportunity, can lead to employment, economic independence and improved livelihoods.

Her story is an inspiring example for young people in Burewala and surrounding communities, demonstrating that skills can open pathways to careers, strengthen families and create better opportunities for the future.

EDUCATIONAL INSTITUTIONS SUPPORT

THF ATA MUHAMMAD TECHNICAL INSTITUTE

Inspired by the vision of Dr. Muhammad Yasin, the THF Ata Muhammad Technical Institute is being developed on Multan Road, Burewala, to provide boys and girls with access to quality technical, vocational, and digital education.

With financial support from Dr. Muhammad Yasin, the institute is currently under construction, following its groundbreaking ceremony. Once completed, it will offer demand driven training to prepare young people for employment, entrepreneurship, freelancing, and sustainable income-generating opportunities.

Together with the THF Zainab Technical Institute, the new institute will expand access to skills development and create greater opportunities for the youth of Burewala.

PROF. RANA ASGHAR ALI KHAN ACADEMIC BLOCK

The Academic Block at Government Graduate College, Burewala, remains a significant contribution by Rouha Welfare Trust toward strengthening educational facilities in the community. Constructed to support the college's expanding Bachelor's degree programs, the facility continues to provide students and faculty with improved academic space.

The project was completed within 18 months and inaugurated in November 2023, marking an important addition to the college's academic infrastructure.

The Academic Block is dedicated to the memory of Professor Rana Asghar Ali Khan, Founder of Rouha Welfare Trust, in recognition of his vision and lifelong commitment to education and community development. It continues to serve as a lasting reflection of his legacy and the Trust's commitment to supporting education.

STUDENTS
EDUCATIONAL SUPPORT

QARZ-E-HASNA PROGRAM

Rouha Welfare Trust's Qarz-e-Hasna Program supports academically deserving students facing financial difficulties in Burewala and surrounding areas through interest-free educational loans covering essential expenses such as fees, books, hostel, and living costs.

The program is supported by Dr. Fawad Zafar, President of Zafar Mir Foundation, whose continued contribution has helped provide educational opportunities to deserving students. Currently, 22 students are receiving financial assistance through the program.

Through a transparent selection and monitoring process, the Trust seeks to ensure that support reaches deserving students while maintaining the sustainability of the program through loan repayments.

Through this support, the Trust aims to remove financial barriers to education, help students complete their studies, and enable them to build brighter and more secure futures for themselves, their families, and their communities.

STUDENTS EXCELLENCE AWARDS

INSPIRING FUTURE GENERATIONS

Rouha Welfare Trust presents the Students Excellence Awards to recognize and celebrate outstanding academic achievements among students in Tehsil Burewala. The initiative honors students who secure top positions and achieve exceptional results in their Matriculation and Intermediate examinations.

Through shields and cash prizes, the Trust recognizes students' hard work, dedication, and perseverance while encouraging them to continue pursuing academic excellence. The program also aims to inspire other young learners to value education and strive for their full potential, contributing to a more educated and progressive community.

In 2025, 31 outstanding students were honored with shields and cash prizes in recognition of their exceptional academic performance. The shields were presented by Dr. Laiq Hussain Siddiqui, Principal (Rtd.), Nishtar Medical University, Multan, and Mr. Amjad Sajjad, Director, Directorate of Intelligence & Investigation, Federal Board of Revenue, Faisalabad, who joined the occasion to recognize and encourage the students for their achievements.

PROF. RANA ASGHAR ALI KHAN **HUMANITARIAN AWARD**

The Prof. Rana Asghar Ali Khan Humanitarian Award recognizes students of Burewala who demonstrate exceptional dedication to humanitarian causes and make meaningful contributions toward improving the well-being of individuals and communities.

Established in memory of Prof. Rana Asghar Ali Khan, the visionary founder of Rouha Welfare Trust, the award reflects his lifelong commitment to education, healthcare, and social service. His legacy of compassion and selfless service continues to inspire young people to contribute to society with sincerity and purpose.

The award celebrates individuals who embody these values and carries a cash prize of Rs. 500,000/-, a shield, along with a certificate of recognition. The recipient's name will also be displayed on the main wall of the Prof. Rana Asghar Ali Khan Academic Block at Govt. Graduate College, Burewala, as a lasting recognition of their contribution.

To promote awareness, informational sessions have been conducted in various schools and colleges. A comprehensive policy and an independent selection committee have been established to ensure a transparent, fair, and unbiased evaluation process.

The award amount will be reviewed after every two years to ensure that its value remains meaningful and continues to uphold the spirit and purpose of the award.

PROF. RANA ASGHAR ALI KHAN
HUMANITARIAN AWARD

AWARENESS SESSIONS

During the year, Rouha Welfare Trust conducted awareness sessions at various government and private institutions to introduce students to the Humanitarian Award and its purpose.

The sessions highlighted the importance of humanitarian values, compassion, community service, and meaningful contributions towards the well-being of others. Students were encouraged to recognize their potential to create positive change in society and to actively engage in initiatives that serve and support their communities. The sessions also provided an overview of the award and the qualities expected from individuals who aspire to be recognized for their humanitarian contributions.

The sessions aimed to inspire a culture of compassion, volunteerism, and social responsibility among young people, encouraging them to turn their skills and abilities into meaningful actions that can positively impact the lives of others.

ACCESSIBILITY **PROGRAM**

BREAKING BARRIERS, BUILDING INCLUSION

Rouha Welfare Trust is committed to promoting inclusivity, dignity, and equal access for persons with disabilities. Through its Accessibility Program, the Trust facilitates disability certificates, CNIC support, accessible toilets, ramps, handrails, wheelchairs, and other mobility facilities.

In collaboration with NOWPDP, the Trust has supported individuals in Tehsil Burewala with free disability certificates and special ID cards, helping them access essential services, rights, and resources. The Trust also continues to improve accessibility in government schools, colleges, hospitals, and its own facilities through ramps, handrails, and accessible commodes.

As part of its latest initiative, 12 wheelchairs were distributed to deserving individuals who lacked the resources to afford them. The initiative was honored by the presence of Ms. Amina Rafiq, Assistant Director, Social Welfare Department, THQ Hospital Burewala, who joined and encouraged the effort.

Through these initiatives, Rouha Welfare Trust continues to work toward a more accessible, inclusive, and dignified society for all.

EMERGENCY
RELIEF PROGRAM

FLOOD IN PAKISTAN 2025

The monsoon floods of 2025 caused widespread devastation across Pakistan, with communities in South Punjab among the hardest affected. In Basti Raheem Shah and Kachi Pakki, approximately 30 kilometers from Burewala, the overflowing River Sutlej submerged homes, agricultural land, and livelihoods. With floodwaters reaching nearly 10 feet in some areas, thousands of families were left without adequate food, healthcare, and essential resources.

In response, Rouha Welfare Trust deployed its emergency relief team to the affected communities, providing immediate humanitarian assistance. Around 180 food packages and nearly 100 hot meal packs were distributed to families in need. To help protect livestock and support household livelihoods, silage bags and a trolley of forage were also provided.

A free medical camp was organized under the supervision of a specialist doctor and paramedical team, providing medical consultations, treatment, and essential medicines to 150 patients completely free of cost. Through this coordinated relief effort, Rouha Welfare Trust supported affected families with food, healthcare, and livelihood assistance, reaffirming its commitment to standing with vulnerable communities during times of crisis and helping them move toward recovery and resilience.

FLOOD IN PAKISTAN 2022

In 2022, devastating monsoon floods affected millions across Pakistan, destroying homes, infrastructure, crops, and livelihoods. In response, Rouha Welfare Trust provided emergency relief to more than 300 affected families in Basti Gurwali, District Dera Ismail Khan, KP, distributing dry rations, tents, bottled water, milk, clothing, shoes, hygiene kits, blankets, and other essential supplies to support families during the crisis.

FLOOD IN PAKISTAN 2010

During the devastating floods of 2010, Rouha Welfare Trust extended voluntary medical assistance and distributed free medicines to affected communities in Kot Addu, Muzaffargarh, Punjab. The medical team, led by Dr. Waseem Athar, worked on the frontlines to provide urgent healthcare to those in need. This relief operation stood as a notable accomplishment, reflecting the Trust's commitment to serving communities in times of crisis.

EARTHQUAKE IN PAKISTAN 2005

Following the devastating 8 October 2005 earthquake in Azad Jammu & Kashmir, Rouha Welfare Trust mobilized medical support for communities severely affected by the disaster. A medical team from the hospital, led by Dr. Abuzar Saleem, FCPS Surgeon, was deployed to Bagh, Azad Jammu & Kashmir, equipped with essential medicines and medical supplies.

The team provided medical care and assistance to earthquake-affected individuals, responding to urgent healthcare needs in the aftermath of the disaster. This timely humanitarian response reflected Rouha Welfare Trust's commitment to serving vulnerable communities and extending essential healthcare support during times of crisis.

MEDICAL CAMPS

Healthcare Beyond Boundaries

Medical camps are an integral part of Rouha Welfare Trust's community outreach, bringing quality healthcare directly to underserved and remote communities. These camps provide free consultations, medicines, and referrals to specialized facilities when required.

Supported by qualified doctors, nurses, and paramedical teams, the camps offer general medicine, maternal and child healthcare, surgical consultations, ophthalmology, and health awareness sessions on hygiene, nutrition, and preventive care.

Through early screening and timely identification of conditions such as diabetes, hypertension, and eye disorders, these initiatives help reduce health risks and financial burdens on families. By bringing essential healthcare closer to those in need, the Trust continues to promote healthier communities with compassion and dignity.

FUNERAL VAN SERVICE

Dignity in Every Final Journey

Losing a loved one is one of life's most difficult moments, when families need compassion, support, and dignity. Recognizing this deeply human need, Rouha Welfare Trust, in collaboration with Al Khidmat Foundation, launched the Funeral Van Service to ensure that every departed soul receives a respectful final journey, regardless of the family's financial circumstances.

The service provides free transportation of deceased individuals within and around Burewala, helping families manage the logistical and financial challenges they face during times of grief. The dedicated funeral van safely and respectfully transports the deceased from hospitals or homes to graveyards, ensuring care, dignity, and decorum throughout the journey.

Since its launch, the Funeral Van Service has become a meaningful expression of compassion and community solidarity. The collaboration with Al Khidmat Foundation has strengthened the service's operational capacity, enabling timely response, extended availability, and effective coordination with local hospitals and welfare networks.

Through this initiative, Rouha Welfare Trust extends its commitment to serving humanity at every stage of life, upholding the values of empathy, dignity, and social responsibility while providing practical support to families during their most difficult moments.

COLLABORATION WITH AL KHIDMAT FOUNDATION

FUNERAL VAN

SEHAT
KA PAIGHAM

Welcoming New Life with Care

The birth of a child is a deeply meaningful moment for every family, and at Bashir Begum Hospital, this occasion is supported with care and compassion through the Sehat Ka Paigham initiative. Each newborn is welcomed with a complimentary gift pack containing essential items for the first few days after birth, helping mothers feel supported during this important transition.

The initiative was introduced to assist families, particularly those from modest backgrounds, who may face difficulty arranging basic newborn care items immediately after delivery. It also promotes better hygiene practices for both mother and child while strengthening the hospital's connection with the community.

Each gift pack includes practical items such as diapers, baby wipes, a grooming kit, anti-rash cream, Vaseline, a feeder bottle, and ladies' sanitary pads.

With the generous support of the donor, this initiative has enabled the Trust to provide timely and practical assistance to new mothers, helping them begin this important journey with greater comfort, dignity, and confidence. Rouha Welfare Trust sincerely appreciates the donor's support in making this small but meaningful gesture possible for mothers and their newborns

BASHIR BEGUM HOSPITAL

Bashir Begum Hospital was established to provide quality healthcare services to the community at the lowest possible cost.

Since its inception in 2003, the hospital has achieved many milestones regarding the treatment of ailing humanity. Besides almost full occupancy of beds indoors, more than 250 patients are getting benefits daily from its outdoor clinics.

The professional team of consultants and clinical staff, in collaboration with administrative support, is committed to providing round-the-clock quality medical care to needy people. In Bashir Begum Hospital, every patient encounters a compassionate medical team committed to their recovery and long-term health.

Our ambiance ensures that patients feel relaxed when they visit the facility.

OUR VISION

Our vision is to be the best yet affordable healthcare providing hospital in Burewala.

OUR MISSION

Our mission is to provide affordable quality healthcare to the people of Burewala and its vicinity.

OUR VALUES

- We strive to provide all medical services under one roof to individuals from all walks of life, irrespective of their background.
- We place patients and their well-being at the centre of all that we do, treating every individual with respect, dignity and compassion.
- We are committed to upholding the highest standards of professionalism and integrity.

Diagnostic facilities include digital X-ray, ultrasound and color Doppler, CTG, echocardiography, and ECG services. The hospital's laboratory is supported by advanced equipment, including automated chemistry and hematology analyzers, enabling timely and reliable diagnostic testing.

During the year, Bashir Begum Hospital successfully expanded its surgical services to include laparoscopic and phacoemulsification (Phaco) surgeries, strengthening its capacity to provide advanced surgical and ophthalmic care within the hospital. These procedures represent an important step in expanding access to modern treatment options for the community.

A skilled team of laboratory technicians and clinical staff ensures reliable results and quality patient care through established standards and professional practices. The hospital remains committed to continuously improving its facilities, equipment, and clinical services in response to evolving healthcare needs and medical advancements.

- Infusion Syringe Pumps

HOSPITAL
EXPANSION

Bashir Begum Hospital Expansion

The continued growth of healthcare needs in Burewala has led to a major expansion of Bashir Begum Hospital. With the existing facility operating at full capacity and increasing demand for patient care and medical services, a new purpose-built hospital facility is currently under construction, comprising a basement and five floors.

The expansion project was initially conceived as a 100-bed hospital. However, following a reassessment of the community's growing healthcare needs and the hospital's anticipated future requirements, the project has now been revised to a 200-bed facility. This significant enhancement will allow the hospital to accommodate more patients, expand its medical services, provide improved patient facilities, and create greater capacity for future healthcare needs.

The development marks an important milestone in the continued growth of Bashir Begum Hospital and reflects its commitment to building a stronger, more accessible, and sustainable healthcare facility for the community.

- Consultant Rooms
- Emergency Wards
- Spacious Waiting Areas
- Gynae OT Complex
- Ambulance Service
- Cafeteria
- Surgical OT Complex
- Well Baby & Sick Baby Nursery
- Central Sterile Service Department
- Ophthalmology OT Complex
- Intensive Care Units
- Biomedical Waste Disposal Rooms
- Male, Female & Child Wards
- Dialysis Center
- Ample Parking
- Private Rooms
- Diagnostics, Lab, Blood Bank
- Laundry

PROPOSED PLAN

CONSTRUCTION PHASE

INTERNSHIP & WORKSHOPS

Internship & Professional Development

Bashir Begum Hospital continued its commitment to supporting the professional development of future healthcare practitioners by providing meaningful learning and clinical exposure across diverse areas of healthcare. This year, internship and training opportunities were offered in Nursing, Laboratory Sciences, Human Nutrition & Dietetics, Gynaecology, and Ophthalmology, along with a specialized HND Workshop.

Through supervised clinical exposure and practical learning, participants gained valuable insight into hospital operations, patient care, clinical practices, professional responsibilities, and ethical standards. The experience provided an opportunity to connect academic knowledge with real-world healthcare practice while strengthening essential qualities such as professionalism, communication, teamwork, compassion, and confidence.

By bringing together students and healthcare professionals from different disciplines, the program promoted interdisciplinary learning and encouraged participants to develop a broader understanding of patient-centred care. These initiatives reflect Bashir Begum Hospital's continued commitment to creating meaningful learning opportunities and preparing individuals for their future roles in the healthcare sector.

INTERNSHIP & WORKSHOPS

40-Hour International Behaviour Therapist (IBT) Training

As part of its commitment to advancing autism care, professional learning, and specialized healthcare education, Rouha Welfare Trust (RWT) hosted a 40-Hour International Behaviour Therapist (IBT) Workshop, bringing together healthcare professionals from across Pakistan.

The workshop was conducted by Dr. Mansur Choudry, Director, Autism Program, Special Care, Oklahoma, USA, and Associate Professor, University of Central Oklahoma, USA. It focused on practical approaches to behavioural therapy, evidence-informed practices, and effective strategies for supporting children with autism and developmental needs.

Participants attended both in person and online, enabling professionals from different parts of Pakistan to benefit from international expertise and interactive learning.

The workshop also supports the vision of Dr. Muhammad Yasin, to establish a dedicated Autism Centre in Burewala, planned to be launched soon. These efforts contribute to building greater awareness, professional capacity, and better support for children with autism and their families.

Dr. Mansur Choudry
PhD, BCBA, IBA, MBA, M.ED, BSc (Engineering)

IBT TRAINING HIGHLIGHTS

GLOBAL KNOWLEDGE, LOCAL IMPACT

STAFF **TRAININGS**

Rescue 1122 Training

A practical rescue and safety training session was conducted for medical and management staff to strengthen their ability to respond during emergencies. The training focused on CPR, bleeding control, and fire emergency response using fire extinguishers.

Through hands-on practice, participants developed essential response skills while reinforcing workplace safety, preparedness, and a shared sense of responsibility. The initiative reflects the hospital's commitment to maintaining a safe, prepared, and responsive environment for both staff and patients.

TRAINING FOR EXCELLENCE, SERVING WITH PURPOSE

VISITS & ENGAGEMENTS

Engaging Communities, Strengthening Impact

Throughout the year, Rouha Welfare Trust welcomed donors, partners, professionals, community representatives and well-wishers to its office and various programs. These visits provided an opportunity to share our work, demonstrate the impact of our programs and strengthen relationships with those who support our mission.

Their interest, time and encouragement continue to inspire us to serve the community with greater commitment and transparency.

OUR FINANCIALS

WAQAS AND CO.
CHARTERED ACCOUNTANTS

Independent Auditors' Report To The Board of Directors

We have audited the accompanying income and expenditure account of **"ROUHA WELFARE TRUST"** for the year then ended June 30, 2026.

Management's Responsibility for the Financial Statements

The Management is responsible for the preparation and fair presentation of these statement of financial position as at June 30, 2026 and the statement of income and expenditure account, the statement of cash flows and notes to the accounts, including a summary of significant accounting policies and other explanatory information in accordance with the approved accounting standards as applicable in Pakistan, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the approved auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform that audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for audit opinion.

Opinion

In our opinion, statement of financial position as at June 30, 2026 and the statement of income and expenditure account, the statement of cash flows and notes to the accounts gives a true and fair view of **"ROUHA WELFARE TRUST"** as at June 30, 2026 and its financial performance for the year ended in accordance with the approved accounting standards as applicable in Pakistan.

Rouha Welfare Trust

Bashir Begum Hospital, 259 E.B. Main Lahore Road, Burewala, District Vehari

Notes to the Financial Statements

For the year ended June 30, 2026

1. Legal status and operations

Rouha Welfare Trust was registered on September 02, 2021 under the Societies Registration Act, XXI of 1860. The organization is a non-profit, non-governmental and non-political developmental organization which was established in 2003, struggling to aware, organize and help marginalized people in realizing their developmental, civil and other basic human rights. The registered office of the organization is situated at 259 E.B. Main Lahore Road, Burewala.

2. Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- Revised Accounting and Financial Reporting Standards for Small Sized Entities (AFRS for SSE) issued by the Institute of Chartered Accountants of Pakistan (ICAP); and
- Accounting Standards for Not for Profit Organizations (Accounting Standard for NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP).

3. Significant accounting policies

3.1 Basis of preparation

These financial statements have been prepared under the historical cost convention, except as otherwise stated in the respective policies and notes given hereunder.

3.2 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any identified impairment loss except freehold land and capital work-in-progress, which are stated at cost. Cost of operating fixed assets consists of historical cost and attributable expenses in bringing the assets to their working condition. Depreciation on all assets except freehold land and capital work-in-progress is taken to income and expenditure account applying reducing balance method at the rates specified in the note 4.1. Depreciation is charged for the full year in which an asset is purchased while no depreciation is charged in the year of disposal.

Gain or loss on the disposal of operating fixed assets represented by the difference between the proceeds and the carrying amounts of the assets is recognized as income or expense during the period. Normal repairs and maintenance are taken to income and expenditure account as and when incurred. Major improvements and modifications are capitalized and the assets replaced, if any, other than those kept as stand-by, are retired.

3.3 Revenue

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the amount of the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable on the following basis:

- All donations, fee grants and other income are recognized when realized.
- Interest/mark-up is accounted for on accrual basis.

4.2 Capital work-in-progress

Particulars	Opening balance As at 01-07-2025	Addition during the year	Transfer to Property, plant and equipment	Closing balance As at 30-06-2026
Building CWIP	82,248,845	52,035,414	-	134,284,259
Total (2026)	**82,248,845**	**52,035,414**	-	**134,284,259**
Total (2025)	5,193,450	77,055,395	-	82,248,845

3.4 Accrued and other liabilities
All liabilities are initially measured at cost, which is the fair value of the consideration given. A liability is derecognized when the obligation under the liability is discharged or cancelled or expired.

3.5 Deferred grant
Grant received for the purchase of property and equipment and intangible assets is recognized as "deferred grant for property and equipment and intangible assets" and is amortized over the useful life of the asset. Whereas other grant received from the donor are recognized as "deferred operational grant" and is transferred to the income and expenditure account to the extent of the expenses incurred by the Organization, in accordance with the terms of grant.

3.6 Cash and cash equivalents
For the purpose of cash flow statement, cash and cash equivalents include cash-in-hand, cheques-in-hand and deposits with banks.

3.7 Foreign currency transaction
Currency transactions are recorded at the rate prevailing on the date of transactions and foreign currency deposits are translated into Pak Rupees at the rate of exchange ruling at the balance sheet date.

- Autism Center
- Fundraising Campaigns
- Expanding Reach Food Pantry Program
- Expanding the Orphan Support Program
- Accessibility Program Expansion
- Ambulance Service
- More Miyawaki Forests through Green Movement
- Nursing College

YOUR SUPPORT MEANS WE CAN CONTINUE TO HELP THE COMMUNITY

UPCOMING PROGRAMS

Nursing College in Burewala:

As part of its continued commitment to strengthening healthcare and expanding educational opportunities in Burewala, Rouha Welfare Trust is planning to establish a Nursing College in Burewala. The proposed institution will provide quality nursing education, professional training, and practical clinical exposure to prepare a new generation of qualified, skilled, and compassionate nursing professionals. The initiative is being developed in recognition of the growing demand for well-trained nurses in Burewala and the wider healthcare sector.

According to the World Health Organization (WHO), the global nursing workforce faced a shortage of approximately 5.8 million nurses in 2023, highlighting the importance of expanding opportunities for nursing education and professional development.

The establishment of the Nursing College will create a structured pathway for young people in Burewala and surrounding areas to pursue nursing as a professional career. Through comprehensive academic and practical training, students will be equipped with the knowledge, clinical competencies, and professional skills required to serve patients effectively across different areas of healthcare. The project will also contribute towards strengthening the local nursing workforce and reducing the dependence on healthcare professionals from outside the region.

An important objective of this initiative is to support the growing healthcare requirements of Bashir Begum Hospital. By developing a pool of professionally trained nurses locally, the Nursing College will help meet the hospital's future staffing needs while creating stronger integration between healthcare education and clinical practice. Through this upcoming project, Rouha Welfare Trust aims to invest not only in nursing education but also in the long-term development of healthcare services and skilled human resources in Burewala and its surrounding communities.

DONATE & **SUPPORT US**

There are many ways in which you can support Rouha Welfare Trust

You can arrange a regular monthly donation, pay Sadaqa (charity), Zakat, or make a one-off donation whenever you like.
